PROJECTIONS FOR COMING YEAR

This is an estimate of activity projected for your escrow account during the coming year. The Target Balance is the beginning balance necessary to bring your escrow account at its lowest point during the next 12 months to zero plus the allowed required reserve.

**Indicates the Lowest Projected Balance in your account during the next 12 months. Some escrow accounts may be billed for periods longer than one year. The account balance may not reach its Lowest Projected Balance this year because one of the escrow items may be on a three-year cycle.
